

# MacPress - Adjustable mechanical pressure switch

Pressure switch for single and three phase pump control

- **Adjustable Start / Stop Pressures**
- **Simple Installation**
- **Single Phase / Three Phase DOL Versions**
- **Clean Water Only**
- **2 Pressure Ranges Available**

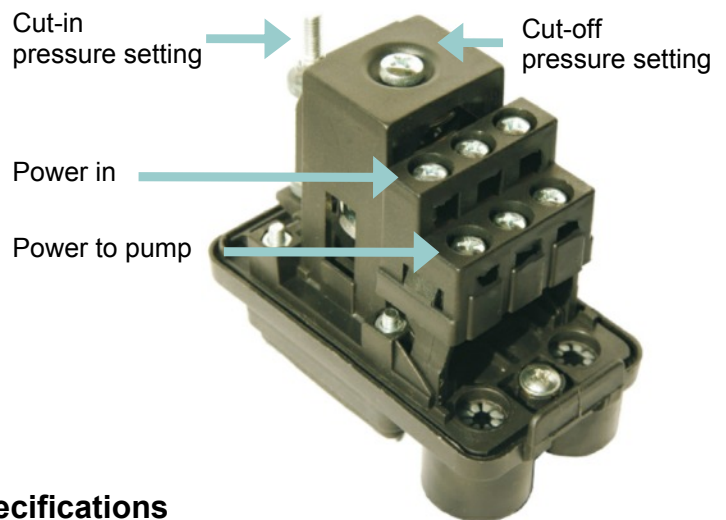

## How Does It Work?

**MacPress** is an adjustable mechanical pressure switch for basic pressure control in boosting systems with a pressure vessel.

Using a simple screw adjustment, the cut-in and cut-out pressures can easily be set by the installer with minimal tools required.

**MacPress** is available in both single and three phase models, with options for low and high pressure applications.

## Technical Specifications

Physical	MPM3	MPM6	MPT3	MPT6
Weight	900g			
Dimensions	112x105x55mm			
Mounting	¼" BSP Female			
Working Pressure Range	1.5 - 6 bar	4 - 10.5 bar	1.5 - 6 bar	4 - 10.5 bar
Default Factory Set Range	2 - 3 bar	4 - 5.5 bar	2 - 3 bar	4 - 5.5 bar
Storage Temperature	-20°C – +50°C			
Operating Temperature	0°C – +50°C			
Liquid Type	Clean Water			
Ingress Protection	IP44			
Electrical				
Supply Voltage	230Vac 50Hz Single Phase		400Vac 50Hz Three Phase	
Supply Current	16(10)A		25(16)A	
Supply Voltage To Pump	1x 230Vac 50Hz Single Phase		1x 400Vac 50Hz Three Phase
